Intimate Care Policy

At ACE of BRUSSELS we are proud of our ethos of being a caring school.

We believe that we should show our pupils the love and warmth that reflects their home environment.

With all ages we feel that it is important to be able to offer our pupils a hug, a cuddle or just a hand to hold, according to their need. With our younger pupils staff may need to change a child should a toileting accident occur. We will ensure that our pupils' dignity and self respect are maintained at all times.

ACE of BRUSSELS takes every possible measure to ensure that its pupils are protected from those who would do them harm. All Staff have been appropriately checked and references for new Staff are always followed up. We are fortunate to have a low Staff turnover, as this gives continuity to our standards of care and of knowing all our pupils as individuals.

Please feel free to come and discuss this with the Principal if you have any questions.

If, for any reason, you do not wish the Staff to have appropriate physical contact with your child, please state this in writing to the Principal.
